Notes & Sources:

Rev. Guy Smith, abt 1668-1720, Minister of the Church of England.

"The Circle Goes Unbroken." While still a young boy, in 1683 Guy Smith enrolled in a preparatory school at Cambridge, which prepared him for late ministerial studies on the university level. Eventually, Guy would enroll in Corpus Christi College. Guy was a sizar, a student who receives an allowance toward his college expenses in return for acting as a servant to other students.

Queen Anne had established a fund, the so-called Queen Anne's Bounty.....that authorized gifts to clergies willing to travel to the colonies. This fund may have helped (Guy) to Virginia. By about 1700 Guy Smith, was the Rector of the Abingdon Parish in Gloucester County, across the river from Williamsburg, May 31, 1703. Guy joined James Clack in a petition to the General Assembly, asking for laws preventing from being worked on Sundays. A few days later on April 2, 1703, after being elected one of the Govenors of William and Mary College, Guy took the oaths of office and subscribed the test necessary the position.

Guy also acquired considerable land by paying passage for immigrants in exchange for their "important" rights to 50 acres and by Treasury rights to vacant land by building a wooden house of 12 feet square and the clearing and tending of one acre of land. By 1719 Guy has enough personal wealth to own seven slaves.

A well thought of woman of colonial Virginia was "invisible" which means that there are few recorded women from colonial Virginia. Based on English naming patterns in the Smith and other families, it is possible that the wife of Rev. Guy Smith was named Elizabeth. While this couple did not name any daughter Elizabeth, several of their children had daughters named Elizabeth. The births of nine children were registered at the Abingdon Parish Church.

(The Circle Goes Unbroken: Some of Rev. Guy Smith's Desc's on America's Frontiers which cites The Register of Abingdon Parish, Gloucester County, Virginia, 1677-1780. Compiled by Robins, Arlington, VA; Hanford House, 1981, p. 224) (James McFarlane)

Rev. Guy Smith, an Episcopal priest and rector of Abington Parish in Gloucester Co., Virginia. The burning of the Church and county records in Gloucester Co. in 1819 seems to preclude the possibility of a record of the family prior to 1700. The Rev. Guy Smith is found in an old Abingdon Parish register beginning 1677 (?), and with this record begins the family history of this Virginia family of Smiths.

Why was he sent to Virginia as a minister by the Bishop of London or born in Virginia is not known. Some

genealogists seem inclined to the belief that he was related to John or Lawrence Smith, who came to Virginia from Devonshire, England about 1650. (A Lawrence Smith, who came to Virginia from Devonshire and settled in Gloucester Co. about 1650. He became a Major in the Militia, and commanded the forces on the frontier. He died 1700, leaving sons Lawrence, John, and William and bore the arms of "Smith of Tartne, Devonshire, England".) It is also supposed by some that John and Lawrence were related to Col. A. Smith, who came to Virginia in 1622 and settled in Isle-of-Wight County and his brother, Alexander Smith who came over in 1634 and settled in Middlesex County.

Arthur and Alexander were nephews of Sir Thomas Smith, who was Secretary of the Virginia Company of London, and one of the most prominent men in the early settlement of Virginia. He was the son of Thomas Smith of Osten Hanger Castle, County Kent, England. There seems to be no record from which we might learn who, when, or where the Rev. Guy Smith married, but the date of death of his first child in 1701 would indicate his own birth date about 1675.

The Virginia Cyclopaedia of Biography Gives the following -- "Rev. Guy Smith came to Virginia before and was minister of Abington Parish in Gloucester County. He was a member of the clergy that associated at the College of William and Mary in Williamsburg in 1719, and died about 1720, leaving at least sons. Guy, John, Constantine and Lawrence."

..

In Bishop Meade's "Old Churches, Ministers and Families of Virginia, Vol. 2 ", his name appears on a list of ministers attending a convention of Virginia ministers held at William and Mary College, April 1. Since Bishop Meade's day an old Abingdon Parish Register has been brought to light, from which we learn the following. (See William and Mary Quarterly, p. 44, Vol. 9) " Rev. Guy Smith was minister of Abingdon Parish and died about 1720. He was succeeded by Rev. Thomas Hughes. As he had a son Lawrence, he was probably some relations to Major Lawrence Smith. " The old Abingdon Parish register gives the names of his children and the birth dates of some. Also, his slaves.

Col. John Smith was a member of the House of Burgesses from Goochland County from 1752 till about 1790. John, Jr. and Guy were County judges. All the sons and grandsons were large land owners and had from five slaves, onwards. John, Jr., was an extensive tobacco grower and it is likely that all the other brothers also were. Lawrence Smith was involved with Abingdon Parish, and that is probably where they became acquainted.

He was a prominent man in Franklin Co. VA. and a wealthy man before the Civil War. According to their granddaughter MINNIE BLANCH SMITH, she was told they grieved themselves to death. The money was changed and the Negroes was (were) set free. Their children had to go to war. MINNIE'S father WYATT HUNLEY SMITH never had to work until after the war, they had plenty of Negroes to do the work. He volunteered before he was 18, and was in the war three years. When he got home, his mother and father were both dead and their property all gone and he didn't know how to work. He started into farming with another man and told him he would do as he said. When the soldiers marched through; they ate up about everything and took the peoples horses. MINNIE'S grandmother BOONE (MARY LUTE WADE) said the soldiers ate the eggs from under her setting hens. She said MINNIE'S mother was crying and the soldiers said they would all be killed; but they didn't hurt anyone, they were after something to eat. Other names for CHRISTINE: Christina, KINZIE

MARK SMITH;

History of this Smith Family Descendant:

They were married in 1838, exact date unknown, either 11 or 13 Apr or 2 May.

There were six sons in the family, and each son had seven sisters, all born in Franklin Co. Virginia.

The family first moved to Indiana, but there seems to be no record of that date(1865?). It is remembered that one daughter said she walked nearly all the way. Also, no available records show when many members of the family came to Colorado. That move was made with the hope that the health of their tenth child, NANCY (8J), a tubercular, would be improved. She died in 1878, at the age of 25, and is buried in the cemetery at Hygiene, CO.

...

MARK and LUCY made their home in Berthoud. Not much is known about what he did, except that he made many trips to the mountains with his wagon and team of horses, and spent much time there. He was an avid fisherman. It was on a fishing trip with friends in the Big Thompson Canyon, when the wagon overturned and he was mortally wounded. He died the next day at the age of 77. He is buried in the Hygiene cemetery. The LUCY continued to live in Berthoud, or in the home of W.T.W. (8) and family. She died at the age of 93, and is buried in the Hygiene cemetery also.

Family first moved to IN, then to CO before 1878. ref L-4. Marriage date Mark & Lucy: 2 Apr 1838 Marriage Bonds of F.C. Va 1786-1858 by Wingfield. Minister John Bowman).. or 13 Apr 1838 Marriage Bond of F.C. VA micro film 1786-1853, surety-Nathan Johnson.. or 11 Apr 1838 L.D.S. Group sheet.

He married **Minnie Blanch Smith**, daughter of Wyatt Smith and Callie Boone. She was born August 19, 1870 in Tennessee or Colorado, and died in Denver, Denver County, Colorado.

Notes for William Thomas Wright Smith:

...

WILLIAM THOMAS WRIGHT SMITH;

William and Minnie are 1st cousins. He came to Colorado with his parents when about 20 years old. At one time, he boarded at the Hygiene Sanatorium, a health care center that stressed proper diets and care of the body. That establishment is what gave the town of Hygiene its name.

His earliest known diary begins in 1884, but he started farming in the Berthoud area before that time. He acquired homestead rights 3 miles east, and 1 1/2 miles north of Berthoud in Weld Co., NE 1/4, Section 8, Township 4, Range 68 West, probably about 1880, from Wm Eidson.

A lake was started on the Northwest corner of the farm for irrigation purposes, on February 27, 1881. It is known as the Smith Reservoir. Using his team of horses, he helped build the Handy and Home Supply dams on the Big Thompson River, and the ditches to the farms. The Handy Ditch Company was organized in 1878. The lake was to be part of the irrigation system on the farm. The Home Supply Company was started in 1881. Most of the pay for the men's labor, and their teams, was in ditch stock.

Tom had no formal engineer's training (perhaps little formal schooling of any kind), but with a quaint surveying instrument which he had a Mr. Beeson of Longmont constructed from a gun barrel, with fitted lens and adjusting screws attached, he surveyed irrigation ditches for farmers in a radius of several miles. An entry in his diary on October 15, 1891 states that he surveyed, on that day, the ditch to be used to fill the Berthoud town lake. This instrument, with tripod and staff, was used on the homestead until about 1965, when it was donated to the Loveland Pioneer Museum by the Smith Family.

In the fall of 1890, he sold the homestead privileges back to Mr. Eidson, and moved into town. On December 2 he traveled by train to McPherson Kansas, to look at lots he had purchased earlier to help finance a college the Church of the Brethren (Dunkard) expected to build there. Those lots remained in the possession of the Smith family for more than 65 years before they were sold, unimproved. (see end of MINNIE SMITH section for more

info on land)

Tom went on to Virginia, spending about 2 months in the Roanoke and Boone's Mill areas before his marriage in 1891 to MINNIE BLANCH SMITH (9). Common great grandparents bequeathed the same surname to both, and the children of this union are full-blooded SMITHS. This has caused many a headache for government agencies. When their children would apply for birth certificates (Colorado didn't register births during the years they were born), social security numbers and other data, they always received a request for the mother's maiden name. The bride and groom arrived in Berthoud on 21 February 1891. They made their home in town. But in October Tom again acquired the homestead from Mr. Eidson, and the couple moved to the farm on 3 November 1891. That was to be home for the remainder of the lives of both of them. The patent for the homestead was received on 13 February 1893.

TOM was a member of the Church of the Brethren, commonly called Dunkard, which had 3 branches. He should be considered one of the middle group, as he was not strictly opposed to war. During his lifetime two sons served in World War I. He spent almost full time during that war soliciting for war chest funds, or selling Liberty Loan Bonds. Post cards and literature concerning the war, to be distributed, were in abundance in the home.

It is supposed that he hauled the first load of rock for the Dunkard stone church that still stands east of Hygiene. The roll in the Church lists W T SMITH, MINNIE, Amanda (8G) (Toms sister), and Grandma Smith (LUCY JOHNSON 17) Toms mother, as members. Since MINNIE'S brother Will T. (9C) also lived in the community for a time, the mail for him and TOM (WILLIAM T.) got mixed. It was thought for years, by the family, that that was the reason their father added ""WRIGHT" to his name and used the initials of W.T.W., but was always called TOM. However, he had an entry in his diary on 6 January 1885, stating that he had applied for a cattle brand. No one in the family remembered ever having seen it.

When the Berthoud, Colorado Women's Club wanted to compile written histories of the pioneers in the Berthoud area as their contribution to the Bicentennial, the Smith Family, in October of 1974, began a search for information. It was learned through the Western Division of the Denver Public Library that the brand was WTW. It should be noted that he applied for that brand 6 years before he had a brother-in-law.

Jake Zollar, a Berthoud resident since 1902, who is versed in local history, remembers that TOM SMITH, because he had 3 initials, was sometimes referred to as Alphabet Smith.

When a son, Herb (Herbert 4F) learned that the brand was kept for only a short time, and had never been taken by anyone else, he applied for it from the Colorado Brand Board. The brand was received on 28 February 1975, 90 years after it was originally issued. In 1885 the brand cost \$1.00, but in 1975 it cost \$25.00.

To celebrate the occasion, Herb purchased from Art Dill and Son, of Pierce, Colorado, six cow and calf pairs, and had the new brand put on them. The cows already had the dill brand of "-AD" on them. Perhaps now they are "Alphabet Cows!"

Mr. Eidson tried twice to make a living on the farm, and failed. Many times since, the Smiths have thought the land was best suited for Indians. The farm has had continuous ownership by the family since the patent for the homestead was received in 1893. All the children were born on the farm. Both parents died there, WTW at age 64 and MINNIE at age 82, 71 years to the day after she became partner-owner of her home. Both are buried in the Berthoud cemetery.

Obituary: W.T.W. SMITH called by Death. W.T.W. SMITH, one of the community's best known and most highly respected citizens, died at his home 4 1/2 miles northeast of Berthoud Sunday morning at 12:30, after an illness extending over a period of three months. Death was caused by complication of diseases. Though he had been in failing health for some time the seriousness of his condition was not realized by his friends till within a few days of his death.

WILLIAM T W SMITH was a Virginian by birth. He was united in marriage with MINNIE B. SMITH on Feb. 10, 1891. The widow and eight children survive. The children are Mrs. Lucy Bridgeman, Tressa, Hugh, Wyatt, J H , Harry, Herman and Herbert.

He also leaves three brothers, Nathaniel, Griffin and John, and three sister, Mrs. Lottie Jenkins, Mrs. Amanda Eastdale and Mrs Ann Black.

Services were held from the United Brethren Church Wednesday at 11 o'clock, conducted by the Rev. Bergen, a minister of the Church of the Brethren, a body that Mr. Smith had long been identified with. Burial was in Greenlawn cemetery. (ref:P-10)

MINNIE BLANCH SMITH (9) was born in Boone's Mill, VA. She attended school there and on 10 FEB 1891 she was married to WILLIAM THOMAS SMITH (8) in Franklin Co. VA., and in the same year the couple came to Berthoud, Colorado. Before her marriage she belonged to the Baptist church. After moving to Colorado, the pioneers often held services in the nearest school house if a church was not nearby. Probably there was never a Dunkard church nearer than Hygiene, and that was too far to travel in one day in a horse and buggy, for services. The Sunnyside School was only a mile and a half from the farm, and the Dunkards' held services there, with the members conducting them. An entry in TOM SMITH'S diary dated 4 December, 1898, states, "attended preaching at Sunnyside, and baptism at the Thompson. MINNIE was baptized". The Little Thompson River is one

and a half miles south of where the Sunnyside School stood.

After MINNIE was widowed, she kept her membership in the Church of the Brethren for several years. The nearest church of that faith was in Denver, 50 miles away and much more than an hour's drive. She very seldom attended, but the pastor of the church always made an annual call on the members living distant from the church. One year, the pastor came with a clean-shaven face, and she didn't recognize him. Most of the Dunkard men were beards, and it seemed that all good preachers must wear them. She was shocked to think that he would follow the modern trend. The church gradually followed other modern trends.

She finally decided that if that church were going to be like all other churches, there was no reason for belonging to it, and she joined the First Baptist Church of Loveland and kept her membership in it until she died. (The Baptist Church in Berthoud had ceased to exist before she made up her mind to join a Baptist church).

MINNIE had very little formal schooling, but she learned things that many professors never learn. For instance, where money comes from. After the death of her husband soon after the end of World War I, difficult times beset the farmers. High war time prices for farm products dropped suddenly. Many farms were mortgaged, and foreclosed. She was a widow with twin boys, aged 9 and a 13 year old daughter, still to be raised. The other five children ranged in age from 18 to 27. By careful planning and frugal living, she kept the farm and home from being taken away by wolves in banker's clothing. She often maintained that hard work was her only accomplishment. She took great pride in the fact that none of her children ever went hungry. After her children were all grown, she greatly enjoyed traveling, and visited relatives many times from coast to coast. All her children except one survived her.

Obituary: Funeral Serviced for Old Settler One of the last of the Sunnyside District Settlers, Mrs. MINNIE SMITH, died Sunday at her home northeast of Berthoud, following a long illness. Funeral services were held Wednesday afternoon from the EUB Church and interment was in Greenlawn Cemetery.

She was 82 years old and was born Aug. 19, 1870, at Boone's Mill, VA., to Mr. and Mrs. WYATT H. SMITH. She attended School there and on Feb. 10, 1891, was married to WILLIAM THOMAS SMITH in Franklin County, VA., and in the same year the couple came to Berthoud. One year later they homestead a farm 4 1/2 miles northeast of town and that had been her home for 60 years.

Mrs. Smith was a Christian woman, a member of the Baptist Church in Loveland, and a friend and neighbor to everyone. It was said of her that no one ever visited her, singly or in groups, who was not invited to stay for the night. Being one of the early pioneers she suffered many of the hardships connected with the early settling of the country.

Mr. Smith died July 14, 1919, and after raising her family she traveled a great deal.

She was a charter member of the American Legion Auxiliary and was active in the Rebekah Lodge until unable to attend.

Eight children survive her and one child was lost in infancy from diphtheria. Surviving are Hugh, Wyatt and JOE SMITH of Denver, Harry, Herbert and Herman Smith of Berthoud; Mrs. J. H. Snyder, Richland, Wash., and Mrs. Lucy Murphy of Berthoud.

There are 15 Grandchildren: Stanley, Donald, Alan and Nancy Snyder, Richland, Wash.; Mrs. Ora Hagler, Glenn Bridgeman; Toinette, John and Mark Smith, Berthoud; Wilma Hutchinson, Cheyenne; Betty Graves, WAYNE SMITH, Orval Bridgeman and Delores Trout, all of Denver; Kenneth Bridgeman, Bakersfield, Calif. The following 2 pages are a letter written by MINNIE BLANCH SMITH (9) to Janet and Wayne Smith My husbands name was WILLIAM THOMAS WRIGHT SMITH (8) was called Tom Smith. He signed his name W T SMITH until my people came to Colorado and it was hard to know which SMITH the mail was for so he signed his name WTW Smith. He was of a family of 13 children, 6 boys and 7 girls. Three of the boys got bald headed and three did not but all my boys are going to be baldheaded. All 13 have passed away and Ida SMITH (8L) and myself are the last of the in laws. They moved to Ind. in 1865. The way I met Tom, he came to Virginia in 1888. In Dec 1890 he came back to Virginia we got married 10 Feb 1891. They went to Ind. in a covered wagon. Two of my sisters in law said they walked most of the way from Virginia to Ind. All the names on the record was born in Franklin Co., Virginia. So many of the old settlers in the west was born in Franklin Co., Virginia.

The war ended in 65, I was born in 1870. I have read the "ROTHCHILDS ST?..... The Civil War." The main agitators said it would only be a breakfast to whip the north but it turned out to be a long breakfast. Northern men would come to the south and try to get the Negroes to rise up against the white people and kill them off. That is

what JOHN BROWN was doing when he was hung. Another man was with him but he run over a cliff and got away. A sister in law told me slavery started in the north but it was too cold for the Negroes and they were not a success so they went south and the southerners prospered with them, and they were envied. After the war ended it was a hard matter for the people to live until they could raise a crop.

In March 1877 us and another family moved from Franklin Co. Virginia, it was 150 miles. We was ten days on the road. We drove some cattle though one cows feet give out. We had to trade her off for a watch. Some of the men was walking all the time so I decided I wanted walk. I didn't walk but a short distance until I was tired and was ashamed to ask to get back in the wagon after I was so keen to get out.

We stayed in Washington Co. Virginia until the next March when my mother (CALLIE PINKARD BOONE 19) died, 10 March 1878. We took her body back to Franklin Co., we went back on the train. Seven little children was left without a mother, the oldest not quite ten years old. A bunch of children left without a mother have a hard time. The summer we were in Washington Co. there was so many wild strawberries, women picked them and sold them. I remember my mother bought some. I don't think there is a place in the world they cook as many string beans or cook as many whole hams as in Franklin Co. Virginia. They cook string beans every day when they have them. When I was there in 26 the been bugs had made their appearance that summer. The report had got out they would leave in three years I told them if the bugs left in three years they would treat them better than they had us. I knew we had had them twenty years. I was back there in 39, they still had bean bugs. One often hear of Virginia baked ham. I never saw a baked ham in Virginia they were all boiled, the skin peeled off then spotted with black pepper. I have an aunt, says one can ruin a ham by cooking it too much, it gets crumbly.

If I had known I would write all this I would have hunted up some larger paper. I don't know what to send you for Christmas so will enclose a dollar for you and Wayne to buy you a Christmas treat and a quarter to put in the baby's bank. Will close wishing you both a Merry Xmas and a Happy New Year.

Your grandmother write MINNIE B SMITH hope I will get to see you next summer. If there is anything else you would like to know, let me know, I will do the best I can.

My mother had eight brothers and three sister. She married on her brother Ed's birthday and died on her brother Ernest's birthday. ..end of letter:

April 3, 1959 Mr. Herman Smith Berthoud, Colorado Re: In the Matter of the Estates of W.T.W. Smith and Minnie B. Smith, deceased.

Dear Mr. Smith; In order to clear the title to the property you and your brothers and sisters recently sold to the Duguid Investment Co. Inc., which consisted of Lots 17, 18, 19 and 20 in Block 2, College Place Addition to the City of McPherson, Kansas, it was necessary that we get your father's Will admitted to probate in McPherson County, Kansas, and to have the heirs of your father and mother determined.

This is simply a formal proceeding required by the Kansas Probate Code and as part of this proceeding we must, in addition to the publication notice, notify all of the heirs by letter. We thereupon file an affidavit with the Probate Court of McPherson County to the effect that copies of the notice by publication was mailed to all interested parties. Since we did not have the correct addresses of all the heirs we are sending copies of the notice of publication and this letter to you for each of the heirs. We are also enclosing for your information a copy of the Petition that was filed. We would appreciate your writing the addresses of each heir on the stamped envelopes provided and seal and mail them. We have left the envelopes open in the event you would care to write each of your brothers and sisters a short note.

The expenses for this proceeding are being paid by Mr. Duguid at no cost to you or your brothers and sisters. Likewise this proceeding covers only the property in question and your rights in other property owned by your parents are not affected. Since you have already deeded these lots you have no further interest in them and you,

therefore, need not reply to this letter. As previously said, this proceeding is simply for the purpose of formally complying with the Kansas Probate Code to clear the title to these lots.

Thanking you for your assistance and cooperation in this matter, I am, Very truly yours, ADDISON I. WEST

She married **William Thomas Wright Smith**, son of Mark Smith and Lucy Johnson. He was born February 15, 1855 in Franklin County, Virginia.

Notes for William Thomas Wright Smith:

...
WILLIAM THOMAS WRIGHT SMITH;

William and Minnie are 1st cousins. He came to Colorado with his parents when about 20 years old. At one time, he boarded at the Hygiene Sanatorium, a health care center that stressed proper diets and care of the body. That

establishment is what gave the town of Hygiene its name.

His earliest known diary begins in 1884, but he started farming in the Berthoud area before that time. He acquired homestead rights 3 miles east, and 1 1/2 miles north of Berthoud in Weld Co., NE 1/4, Section 8, Township 4, Range 68 West, probably about 1880, from Wm Eidson.

A lake was started on the Northwest corner of the farm for irrigation purposes, on February 27, 1881. It is known as the Smith Reservoir. Using his team of horses, he helped build the Handy and Home Supply dams on the Big Thompson River, and the ditches to the farms. The Handy Ditch Company was organized in 1878. The lake was to be part of the irrigation system on the farm. The Home Supply Company was started in 1881. Most of the pay for the men's labor, and their teams, was in ditch stock.

Tom had no formal engineer's training (perhaps little formal schooling of any kind), but with a quaint surveying instrument which he had a Mr. Beeson of Longmont constructed from a gun barrel, with fitted lens and adjusting screws attached, he surveyed irrigation ditches for farmers in a radius of several miles. An entry in his diary on October 15, 1891 states that he surveyed, on that day, the ditch to be used to fill the Berthoud town lake. This instrument, with tripod and staff, was used on the homestead until about 1965, when it was donated to the Loveland Pioneer Museum by the Smith Family.

In the fall of 1890, he sold the homestead privileges back to Mr. Eidson, and moved into town. On December 2 he traveled by train to McPherson Kansas, to look at lots he had purchased earlier to help finance a college the Church of the Brethren (Dunkard) expected to build there. Those lots remained in the possession of the Smith family for more than 65 years before they were sold, unimproved. (see end of MINNIE SMITH section for more info on land)

Tom went on to Virginia, spending about 2 months in the Roanoke and Boone's Mill areas before his marriage in 1891 to MINNIE BLANCH SMITH (9). Common great grandparents bequeathed the same surname to both, and the children of this union are full-blooded SMITHS. This has caused many a headache for government agencies. When their children would apply for birth certificates (Colorado didn't register births during the years they were born), social security numbers and other data, they always received a request for the mother's maiden name. The bride and groom arrived in Berthoud on 21 February 1891. They made their home in town. But in October Tom again acquired the homestead from Mr. Eidson, and the couple moved to the farm on 3 November 1891. That was to be home for the remainder of the lives of both of them. The patent for the homestead was received on 13 February 1893.

TOM was a member of the Church of the Brethren, commonly called Dunkard, which had 3 branches. He should be considered one of the middle group, as he was not strictly opposed to war. During his lifetime two sons served in World War I. He spent almost full time during that war soliciting for war chest funds, or selling Liberty Loan Bonds. Post cards and literature concerning the war, to be distributed, were in abundance in the home.

It is supposed that he hauled the first load of rock for the Dunkard stone church that still stands east of Hygiene. The roll in the Church lists W T SMITH, MINNIE, Amanda (8G) (Toms sister), and Grandma Smith (LUCY JOHNSON 17) Toms mother, as members. Since MINNIE'S brother Will T. (9C) also lived in the community for a time, the mail for him and TOM (WILLIAM T.) got mixed. It was thought for years, by the family, that that was the reason their father added ""WRIGHT" to his name and used the initials of W.T.W., but was always called TOM. However, he had an entry in his diary on 6 January 1885, stating that he had applied for a cattle brand. No one in the family remembered ever having seen it.

To celebrate the occasion, Herb purchased from Art Dill and Son, of Pierce, Colorado, six cow and calf pairs, and had the new brand put on them. The cows already had the dill brand of "-AD" on them. Perhaps now they are "Alphabet Cows!"

Mr. Eidson tried twice to make a living on the farm, and failed. Many times since, the Smiths have thought the land was best suited for Indians. MINNIE had very little formal schooling, but she learned things that many professors never learn. For instance, where money comes from. After the death of her husband soon after the end of World War I, difficult times beset the farmers. High war time prices for farm products dropped suddenly. Many farms were mortgaged, and foreclosed. She was a widow with twin boys, aged 9 and a 13 year old daughter, still to be raised. The other five children ranged in age from 18 to 27. By careful planning and frugal living, she kept the farm and home from being taken away by wolves in banker's clothing. She often maintained that hard work was her only accomplishment. She took great pride in the fact that none of her children ever went hungry. After her children were all grown, she greatly enjoyed traveling, and visited relatives many times from coast to coast. All her children except one survived her.

Obituary: Funeral Serviced for Old Settler One of the last of the Sunnyside District Settlers, Mrs. MINNIE SMITH, died Sunday at her home northeast of Berthoud, following a long illness. Funeral services were held Wednesday afternoon from the EUB Church and interment was in Greenlawn Cemetery.

She was 82 years old and was born Aug. 19, 1870, at Boone's Mill, VA., to Mr. and Mrs. WYATT H. SMITH. She attended School there and on Feb. 10, 1891, was married to WILLIAM THOMAS SMITH in Franklin County, VA., and in the same year the couple came to Berthoud. One year later they homestead a farm 4 1/2 miles northeast of town an that had been her home for 60 years.

Mrs. Smith was a Christian woman, a member of the Baptist Church in Loveland, and a friend and neighbor to everyone. It was said of her that no one ever visited her, singly or in groups, who was not invited to stay for the night. Being one of the early pioneers she suffered many of the hardships connected with the early settling of the country.

Mr. Smith died July 14, 1919, and after raising her family she traveled a great deal.

She was a charter member of the American Legion Auxiliary and was active in the Rebekah Lodge until unable to attend.

Eight children survive her and one child was lost in infancy from diphtheria. Surviving are Hugh, Wyatt and JOE SMITH of Denver, Harry, Herbert and Herman Smith of Berthoud; Mrs. J. H. Snyder, Richland, Wash., and Mrs. Lucy Murphy of Berthoud.

The following 2 pages are a letter written by MINNIE BLANCH SMITH (9) to Janet and Wayne Smith
My husbands name was WILLIAM THOMAS WRIGHT SMITH (8) was called Tom Smith. He signed his name W T SMITH until my people came to Colorado and it was hard to know which SMITH the mail was for so he signed his name WTW Smith. He was of a family of 13 children, 6 boys and 7 girls. Three of the boys got bald headed and three did not but all my boys are going to be baldheaded. All 13 have passed away and Ida SMITH (8L) and myself are the last of the in laws. They moved to Ind. in 1865. The way I met Tom, he came to Virginia in 1888. In Dec 1890 he came back to Virginia we got married 10 Feb 1891. They went to Ind. in a covered wagon. Two of my sisters in law said they walked most of the way from Virginia to Ind. All the names on the record was born in Franklin Co., Virginia. So many of the old settlers in the west was born in Franklin Co., Virginia.

The war ended in 65, I was born in 1870. I have read the "ROTHCHILDS ST?..... The Civil War." The main agitators said it would only be a breakfast to whip the north but it turned out to be a long breakfast. Northern men would come to the south and try to get the Negroes to rise up against the white people and kill them off. That is what JOHN BROWN was doing when he was hung. Another man was with him but he run over a cliff and got away. A sister in law told me slavery started in the north but it was too cold for the Negroes and they were not a success so they went south and the southerners prospered with them, and they were envied. After the war ended it was a hard matter for the people to live until they could raise a crop.

In March 1877 us and another family moved from Franklin Co. Virginia, it was 150 miles. We was ten days on the road. We drove some cattle though one cows feet give out. We had to trade her off for a watch. Some of the men was walking all the time so I decided I wanted walk. I didn't walk but a short distance until I was tired and was ashamed to ask to get back in the wagon after I was so keen to get out.

We stayed in Washington Co. Virginia until the next March when my mother (CALLIE PINKARD BOONE 19) died, 10 March 1878. We took her body back to Franklin Co., we went back on the train. Seven little children was left without a mother, the oldest not quite ten years old. A bunch of children left without a mother have a hard time. The summer we were in Washington Co. there was so many wild strawberries, women picked them and sold them. I remember my mother bought some. I don't think there is a place in the world they cook as many string beans or cook as many whole hams as in Franklin Co. Virginia. They cook string beans every day when they have them. When I was there in 26 the been bugs had made their appearance that summer. The report had got out they would leave in three years I told them if the bugs left in three years they would treat them better than they had us. I knew we had had them twenty years. I was back there in 39, they still had bean bugs. One often hear of Virginia baked ham. I never saw a baked ham in Virginia they were all boiled, the skin peeled off then spotted with black pepper. I have an aunt, says one can ruin a ham by cooking it too much, it gets crumbly.

If I had known I would write all this I would have hunted up some larger paper. I don't know what to send you for Christmas so will enclose a dollar for you and Wayne to buy you a Christmas treat and a quarter to put in the baby's bank. Will close wishing you both a Merry Xmas and a Happy New Year.

Your grandmother write MINNIE B SMITH hope I will get to see you next summer. If there is anything else you would like to know, let me know, I will do the best I can.

My mother had eight brothers and three sister. She married on her brother Ed's birthday and died on her brother Ernest's birthday. ...end of letter:

The McPherson County News, Thursday, April 2, 1959 IN THE PROBATE COURT OF McPHERSON COUNTY, KANSAS In the Matter of the Estates of W.T.W. Smith a/k/a William T. Smith, Deceased, and Minnie B. Smith, Deceased.

NOTICE OF HEARING THE STATE OF KANSAS, TO ALL PERSONS CONCERNED: You, and each of you, are hereby notified that a petition has been filed in said Court by W. G. Duguid, who has an interest in the matter, praying for the admission of the foreign will dated June 23, 1919, of the said W.T.W. Smith, (misspelled in paper) deceased, to probate without administration and for the determination of death and heirship of the said Minnie B. Smith, deceased, and determination of the descent and ownership of the following described real estate:

Lots Seventeen (17), Eighteen (18), Nineteen (19), and Twenty (20), in Block Two (2), College Place Addition to the City of McPherson, Kansas, and you are hereby required to file your written defenses thereto on or before the 27th day of April, 1959, at 10:00 o'clock A.M., of said day in said Court in the City of McPherson, Kansas, at which time and place said cause will be heard.

Should you fail therein, judgement and decree will be entered in due course upon said Petition. W. G. DUGUID,

Petitioner. ADDISON I. WEST, 301 Peoples Bank Building, McPherson, Kansas, Attorney for Petitioner. (ref:P-9) ADDISON I. WEST Attorney at Law 301 Peoples Bank Bldg McPherson, Kansas April 3, 1959 Mr. Herman Smith Berthoud, Colorado Re: In the Matter of the Estates of W.T.W. Smith and Minnie B. Smith, deceased.

Dear Mr. Smith; In order to clear the title to the property you and your brothers and sisters recently sold to the Duguid Investment Co. Inc., which consisted of Lots 17, 18, 19 and 20 in Block 2, College Place Addition to the City of McPherson, Kansas, it was necessary that we get your father's Will admitted to probate in McPherson County, Kansas, and to have the heirs of your father and mother determined.

This is simply a formal proceeding required by the Kansas Probate Code and as part of this proceeding we must, in addition to the publication notice, notify all of the heirs by letter. We thereupon file an affidavit with the Probate Court of McPherson County to the effect that copies of the notice by publication was mailed to all interested parties. Since we did not have the correct addresses of all the heirs we are sending copies of the notice of publication and this letter to you for each of the heirs. We are also enclosing for your information a copy of the Petition that was filed. We would appreciate your writing the addresses of each heir on the stamped envelopes provided and seal and mail them. We have left the envelopes open in the event you would care to write each of your brothers and sisters a short note.

The expenses for this proceeding are being paid by Mr. Duguid at no cost to you or your brothers and sisters. Likewise this proceeding covers only the property in question and your rights in other property owned by your parents are not affected. Since you have already deeded these lots you have no further interest in them and you, therefore, need not reply to this letter. As previously said, this proceeding is simply for the purpose of formally complying with the Kansas Probate Code to clear the title to these lots.

Thanking you for your assistance and cooperation in this matter, I am, Very truly yours, ADDISON I. WEST

Notes for Callie Boone Smith:

...

CALLIE BOONE SMITH;

Callie was convinced that her mother (CALLIE PINKARD BOONE 19) was a descendant of the famed Daniel Boone. Tressa Smith Snyder (4E) has 5 Boone Bulletins (1929 through 1934) published by the Boone Family Association. (1934 may have been the last year of publication, and the whole Association ceased to be a few years later). They contain historical and genealogical records of the families of Daniel Boone and CALLIE PINKARD BOONE SMITH, and Tressa can make no connections between the two families. Daniel Boone was born in Pennsylvania in 1735 and it is known that he and Abraham Lincoln were distantly related. Callie's first known BOONE ancestor arrived at Philadelphia in September 1741, on a ship from Germany. Actually, his name as written on his oath of allegiance at that time was JOHAN DIEHL BOHUN, which in German is pronounced BOON. Immigration and other officials spelled the name as it sounded to them. An "e" was added many years later.

This excerpt from the Boone Bulletin of June 1929 may be of historical interest. "The Boone Family Association is a fraternity based on hereditary continuation of the old House of BOHUN. This noble Norman family of pure Caucasian blood, began more than a thousand years ago to spread in many nations. Always standing for the good of mankind, the family rose to the highest honor in England when the Boone Blood through its female line reached the person of Henry Pantagenet (son of MARY BOHUN) who ruled as King Henry V. MARY BOHUN, a cousin of her husband, King Henry IV was the great grand daughter of Princess Elizabeth, youngest daughter of King Edward I." See other SMITH section for more info on BOONE

Notes for Wyatt C. Smith, Captain:

...

CAPTAIN WYATT SMITH;

Laura, was the third child of Mary Tucker and Edmond E Parker. Her family lived on a farm and Laura attended school there with her older brothers Orin and Joe and her younger siblings Wayne, Fred and Anna, altogether a lifespan of over 91 years.

After World War I, her family moved, first to eastern Colorado, then on to Loveland, Colorado. Laura and her sister Anna took work in Estes Park and it was during this period of her life that she met Wyatt C. SMITH of Berthoud. They were married in Denver.

The newlyweds established their home on the Smith Farm, later moving to the Welty Ranch, west of Berthoud, Colorado. Ranching life suited them and they worked long hours at both ranching chores and special projects such as raising sheep, turkeys and chickens.

Laura loved to read, especially recipes and other articles pertaining to the use of preservation of foodstuffs. She was one of the first women in the area to dry green beans and carrots for storage and future use.

Their life was disrupted when the Big Thompson Water Project was completed; the ranch they had occupied becoming part of Carter Lake. They moved to 3424 West Walsh Place in Denver, where they had room for a large garden and could feel like ranchers while living in the city. In 1976 they celebrated their 50th wedding anniversary.

Laura survived all of her brothers and sister as well as her husband, Wyatt. Wyatt passed away in May, 1984 and her sister Anna in Nov 1984. Her lifetime of 91 years spanned two centuries, several wars, and the changes brought about by the internal combustion engine. She never ceased to be interested in life and the changes she witnessed. Her life was characterized by her intelligence, strength, honesty and uprightness--tempered by her wry sense of humor. Her final days were spent in a nursing home on Asbury Circle in Denver and lived 91yrs, 4mo, 4days. (ref: L-19).

217. JOSEPH HOYT SMITH b. 1 Jan 1897, Berthoud, CO, ref: 4, occupation Machinery salesman, m. 7 Nov 1917, in Lafayette, CO, LEORA MAUDE JOHNSON, b. 15 Sep 1900, Windsor, CO, (daughter of ELMER WILSON JOHNSON and IDA MAY LOWER) ref: 5, occupation House wife, d. 25 Sep 1974, Thornton, CO, buried: Berthoud, CO. JOSEPH died 17 Apr 1971, Thornton, CO, buried: Berthoud, CO. He was the second son in the family to be born on New Year's Day. He became a salesman at a very early age. On 7 Nov 1917, he married LEORA MAUDE JOHNSON (5) at Lafayette, CO.

With the exception of a year or two in Casper, Wyoming, JOE and LEORA lived in Berthoud, Loveland or Denver. In all the years JOE lived in Denver, he seemed to remain very much a part of the Berthoud community. For a few years after Wyatt left the home place, JOE farmed it. For a couple years he was a road supervisor in the Berthoud District for the County of Larimer. Earlier than that, for several summers he ran a threshing outfit. For 2 or 3 of them his mother MINNIE and sister Tressa, did the cooking in a cook-car for the crew. As motor transportation became more plentiful, and faster, the cook-car was abandoned, and a crew assembled every morning from their homes. Perhaps they were given the noon meal at the home wherever they were threshing. He became very interested in selling large machinery, especially the earth moving type and eventually formed the firm of Joe Smith Machinery in Denver. The buying and selling of surplus machinery from World War II, for awhile, was a large part of the business. JOE joined the Christian Church in Berthoud while he was in his teens. He with LEORA, remained in that faith all his life. It is now probably the Disciples of Christ Church. In Denver he worked tirelessly for the church and gave much time and money. ref. M-4

BERTHOUD FARMER IS SCRAP DRIVE ACE Berthoud, Colo., Oct. 17-This farm community Saturday offered its candidate for the individual scrap metal collecting championship of Colorado.

He is Joe Smith, Berthoud farmer, who not only donated 8,080 pounds of heavy iron and steel scrap to the Berthoud salvage depot, but hauled a truckload of cast iron to Denver for the scrap pile there. Receiving a check for \$53.86 for the load, he gave it to the Berthoud salvage fund.

JOE SMITH DONATES 8,080 POUNDS HEAVY STEEL The Berthoud area unit of the Larimer County Civilian War council, an organization perfected to handle all war-time activities in Larimer county, claims the state record for the largest amount of scrap iron donated by one farmer.

In a letter to D. L. McMillen, executive field director of the county salvage committee, L. O. McClung, rural chairman for the Berthoud area, stated: "I believe that we have an individual who has donated more to the scrap drive than anyone in the county and perhaps in the state. Joe Smith, a farmer in our community, donated 8,080 pounds of heavy iron and steel to Berthoud's salvage depot. He also hauled a load of cast iron to Denver and then donated the check to the amount of \$53.96 to the Berthoud area fund. This makes a total of approximately \$100 worth of scrap iron that Mr. Smith has donated to the area fund, which will be used for U.S.O., Red Cross and other war-time activities. "The Berthoud area which consists of only two townships recently collected 100 tons of scrap iron which is now being cut and delivered to the consuming centers. "Joe Smith may be just an ordinary name in the telephone directory, but Joe Smith in the Berthoud area and to the boys on the fighting front, is an individual who is giving out his best to help win the war. Can any other area in Larimer county produce an individual who can beat Joe Smith's record?"

Letter from Joe to his mother dated Jany 18-1927 Minnie B Smith

My Dear Mother, It is a bit late to write letters (11:30) but better late than never. Suppose you got the letter Leora wrote you a week ago. The whole bunch of relation is in good health as far as I know. Herbert is at the Stock Show this week with Wyatt's cattle. He is staying at Hughs. Of course everyone has wrote you that Wyatt took unto himself a wife. Looks like you will have to stay in Virginia or live in my cook shack.

Herbert stayed with us three weeks, Herman two, they helped me some on a tractor and painted my freight house. I am shipping about 50 ton of hay per day now. I do not know how long it will last, maybe 30 to 60 days.

Clarence Lucas is running one baler for me, Davises' one and a fellow down towards Longmont one.

They all own their balers. Leora has the shingles on her shoulder. They have been painning her awfully bad but are better tonight.

You seem to be having a good time back there, and now that you are there, I would stay till I got my visit out. Herbert and Herman will board off of some of us and get along ok.

Hoping you are well and still enjoying yourself, I am. Your Loving Son J H Smith ref: L-23
